About Us

Vietmeier Golf Center is owned and operated by PGA Professional Ed Vietmeier. The facility is a player development, training, and practice facility for golfers of all ages and skill levels. The facility is in Kennedy Township, PA, only two miles from the Moon Run/Crafton Exit on Interstate 79.

Vietmeier Golf Center opened on April 2, 2011. Since then, there have been many updates and enhancements. The range has 33 top-of-the-line mats, multiple target areas, a 110-yard grass tee adjacent to our short game area, and 36,000 new TaylorMade Golf (true-flight) range balls so that you can practice with consistency.

We proudly host the premier club fitting location for TaylorMade Golf, the TaylorMade Performance Fitting Center Pittsburgh. A premier fitting location featuring the same club/shaft matrix found at the Kingdom and TaylorMade Performance Labs. Trackman technology is utilized during all fittings which TaylorMade Fitting specialists conduct.

Vietmeier Golf Center is unique, possessing indoor and outdoor fitting capabilities. Call the pro shop or use our online scheduling system to schedule. Purchase your new clubs at Vietmeier Golf Center within 30 days of your fitting, and **we will apply the fitting fee towards the purchase of your new set of clubs.**

Vietmeier Golf Center is still growing and enhancing the facility. Please visit our social media accounts and view the photo gallery on our website. Keep up-to-date, and follow us on Facebook and Instagram.

Whether you are looking for golf instruction, a place to practice your game, club fitting, TaylorMade equipment, adidas apparel, or a place to enjoy with the family, Vietmeier Golf Center is the place to go! Ed and his wife, Annette, look forward to serving you and growing the game of golf.

About Ed Vietmeier

Ed Vietmeier is a longtime member of the PGA, active player, and teacher. Ed started playing competitive golf at the age of 12 years old. He has had a variety of experiences and accomplishments throughout his career.

His playing achievements are many, but some include:

- High School All American and Pennsylvania
- All-Conference team in the same year
- NCAA All American
- Placed 9th in the National Championship
- Competed and placed in the PGA National Long
- Drive Contest
- In 1988, he was inducted in the California University Hall of Fame
- Tri-State Section Championship winner multiple Times

Ed continues to compete and add to his playing accomplishments, including winning numerous tournaments locally and in Florida. He has competed and earned his place in the PGA National Club Pro (six times) throughout his career, the latest being 2019 in Austin, Texas.

His professional achievements include being the Host Professional for the LPGA Future's Tour, served on the Tri-State Board of Directors, and certified to teach Adaptive Golf Instruction.

There is no doubt that Ed loves the game of golf and growing the game for all age groups and skill levels. His goal is to provide a practice facility that is fun and provides the tools and facilities for players to enjoy, relax, and practice the skills of the game.

Mission: To provide a country club practice facility for the public golfer.
